The Mint of the United States,

AT

PHILADELPHIA, PENN.,

Assay Department, April 29, 1879.

Hon: A. London Snowden

Superintendent &c &c.

Sir

Mr Pedro G. Salom, engaged in my department, has an opportunity of visiting California, by going with his father, who starts in a few days. He wishes to be absent five weeks.

This being an unusual leave, I lay the matter before you; remarking that, if allowed, the excess over the usual summer leave of 14 days should be without pay. We could not spare him that long, if we were pressed with fine silver bars; but I believe fresh invoices are not expected for some weeks to come; and so far as we know now, we can keep up with the work, without allowing any other absence in that time.

Very respectfully

Mr E DuBois
